Professional Summary

Cloud Infrastructure & DevOps Enthusiast with one year of hands-on experience in Networking, 5G Core Networks, Cloud Platforms, and Automation. Skilled in deploying 5G Core (OAI, Open5GS, Free5GC), working with AWS and OpenStack virtualization, and automating tasks with Ansible. Experienced in containerized deployments using Docker and in developing scalable applications with Django and REST APIs.

Skills

Languages: Python, JavaScript, HTML, CSS, Shell Scripting

Frameworks: Django, REST API, Tailwind CSS

Networking/5G Core: OAI, Open5GS, Free5GC – deployment, bandwidth, latency & RTT testing

Cloud & Virtualization: AWS, OpenStack/DevStack, Virtual Machines

Automation & Tools: Ansible, Docker, Git, Linux, VS Code

Databases: MySQL, MongoDB, SQLite

IoT/Hardware: Arduino, ESP, Embedded Systems

Experience

1 year of practical experience under mentor guidance in Networking, 5G Core, Cloud, and Automation.

Projects

5G Core Network Deployment & Testing

OAI, Open5GS, Free5GC, OpenStack, Docker

- Deployed and tested 5G Core Network functions on virtual machines.
- Conducted performance experiments including bandwidth, latency, and RTT measurements.
- Integrated deployments with OpenStack/DevStack for scalable VM management.

Cloud Infrastructure Automation with Ansible

Ansible, OpenStack, Linux

- Wrote Ansible playbooks to automate VM provisioning and configuration.
- Reduced manual setup time by automating repetitive deployment tasks.
- Explored cloud-native automation workflows for scalable infrastructure.

Lab Component Management Web Application – Deployed with Docker

Django, Bootstrap, JavaScript, SQLite

- Built a role-based access system for Admin, Lab Staff, and Students with session authentication.
- Enabled booking, resource tracking, and device monitoring with email alerts.
- Designed responsive UI and deployed with Docker for portability.

Education

Pursuing Bachelor of Vocation (B.Voc) in IoT

Dayalbagh Educational Institute, Agra

7.3 CGPA

2023–2026

XII (U.P. Board)

Radha Ballabh Inter College, Shahganj, Agra

67%

2022

Achievements:

- Attended AWSome Day Online Conference by Amazon Web Services. [view [certificate](#)]
- Represented Team IoTSolez in the Internal Smart India Hackathon 2025 at Dayalbagh Educational Institute. [view [certificate](#)]
